ITX Corporation

ITX Announces Change of Organization

ITX Corporation (“ITX”) decided to change its organization. This was resolved at the meeting of its Board of Directors on September 24, 2009. The details are as follows;

1. Contents of the Change

“Kyushu Sub Branch” in the Telecommunications Service Division has promoted its position to “Kyushu Branch.” As a result, current organizational function changed from “Four Branch – Five Sub Branch system” to “Five Branch – Four Sub Branch system”.

2. Purpose of the Change

One of the strategies of strengthening and expanding Telecommunications Service Business, the core business of the ITX is implementing positive expansion of sales channel by M&A. As a result, the number of carrier shops under Kyushu Sub Branch increased significantly. In order to provide high quality customer satisfaction through this expanded sales channel in Kyushu area, ITX has decided that it is necessary to promote “Kyushu Sub Branch” to “Kyushu Branch” to provide better service by arranging structure and line up as branch level.

3. Effective date

October 1, 2009
