ITX Corporation

### ITX Announces Change of Organization and Personnel Change

ITX Corporation ("ITX") decided to change its organization, as well as personnel change. This was resolved at the meeting of its Board of Directors on November 24, 2009. The details are as follows;

1. Change of Organization (Effective on December 1, 2009)

- Establishment of "Corporate Structural Reform Office" is directly managed by the President

Corporate Structural Reform that ITX is working on from last December is making smooth progress. In order to accelerate growth of the whole group, ITX shall optimize business portfolio by strengthening development business in "Information Service Business" and strategic business in "Medical Information Service Business", as second step of Corporate Structural Reform. To achieve the above purpose, "Corporate Structural Reform Office" is established.

2. Personnel Change (Effective on December 1, 2009)

Name	New Position	Current Position
Toyofumi Someya	General Manager; Corporate Structural Reform Office	Network & Technology ICT Business Department, Business Development Division
